

Love Your Stream Video Project

Submission Guidelines

As part of Ashokan Watershed Weekend, AWSMP is asking for your help with a special project showing off our watershed's love of streams.

We all love our streams in the Ashokan Watershed! To show appreciation for our watershed's streams, families or individuals are invited to submit a short video, photographs or artwork depicting an activity by or on a local stream. This could include fishing, boating/tubing, painting, bird watching or just about any activity on or near the water. AWSMP staff will compile the videos/photographs/artwork and share them with others at an event streamed online on July 10 from 4:00-5:00 pm. After we share the videos/photographs/artwork, AWSMP staff will be on hand to answer any questions you have about streams.

Guidelines for submission:

- Submit only original video, photograph, or artwork
- Video submissions must be no more than 5 minutes in length
- Original video, photograph or artwork must show an activity on or nearby a stream
