Fill out evaluation form in your packet
- 1:00** **Boxed Lunch and Networking**

ASHOKAN WATERSHED CONFERENCE

This 4-hour training for municipal officials examines everyday scenarios encountered by Code Enforcement Officers and Floodplain Administrators and their intersection with National Flood Insurance Program (NFIP) regulations and New York State and International Code Council building codes. We'll cover region-specific scenarios including historic structures, agricultural structures, crawlspaces and additions, heating and cooling equipment, and more.

This training is approved for Building Code and Certified Floodplain Manager continuing education credit.

The 2023 Ashokan Watershed Conference was organized by the Ashokan Watershed Stream Management Program with funding provided by the NYC Department of Environmental Protection. For more information, visit our website at ashokanstreams.org and follow us on Facebook at [AWSMPUlster](https://www.facebook.com/AWSMPUlster).

The Ashokan Watershed Stream Management Program is a joint effort between Cornell Cooperative Extension of Ulster County, the Ulster County Soil and Water Conservation District, and the New York City Department of Environmental Protection.
